No 1 JANUARY 1986

**Review article**

Eosinophilic infiltrates of the gastrointestinal tract  AJ BLACKSHAW, DA LEVISON 1

Immunophenotype analysis of malignant histiocytosis of the intestine  DM SALTER, AS KRAJEWSKI, AE DEWAR 8

Malignant histiocytosis complicating rheumatoid arthritis: report of four cases  AS JACK, BF BOYCE, PD LEE 16

Cervical glandular atypia associated with squamous intraepithelial neoplasia: a premalignant lesion?  LJR BROWN, M WELLS 22

Does ovarian sex cord tumour with annular tubules produce progesterone?  J DOLAN, AH AL-TIMINI, SM RICHARDS, JB JEFFS, GC MASON, DB SMITH, PS HASLETON 29

New concept in diagnostic endometrial cytology: diagnostic criteria based on composition and architecture of large tissue fragments in smears  ELSA SKAARLAND 36

Cryostat section assay of oestrogen and progesterone receptors in meningiomas: a clinicopathological study  JW BONSHIDE, RDE BATTERSBY, VICTORIA JM DANGERFIELD, MA PARSONS, WR TIMPERLEY, JCE UNDERWOOD 44

Study of childhood renal tumours using antisera to fibronectin, laminin, and epithelial membrane antigen  S KUMAR, T CARR, HB MARSDEN, MC CALABUG-CRESPO 51

Alpha-1-antitrypsin and the liver: a routine immunohistological screen  JM THEAKER, KA FLEMING 58

Hepatic vein lesions in alcoholic liver disease: retrospective biopsy and necropsy study  AD BURT, RMN MACSWEEN 63

Clinical pathology of acute necrotising pancreatitis  I NORDACK, K LAUSLTA 68

Is tissue polypeptide antigen more accurate than serum CEA for diagnosing pancreatic cancer?  A PANUCCI, C FABRIS, G DEL FAVERO, D BASSO, F DI MARCO, L MARCHIORO, A PICCOLI, M LEE, A BURLINA, R NACCARATO 75

Study of postoperative chest infections with particular emphasis on those caused by Haemophilus influenzae GM TERBUTT 78

Chronic respiratory disease in premature infants caused by Chlamydia trachomatis  K NUMAZAKI, S CHIBA, K KOGAWA, M UMETSU, H MOTOTOYA, T NAKAO 84

Evaluation of lysis filtration as an adjunct to conventional blood culture  RACHAEL CHAN, ROSEMARY MUNRO, P TOMLINSON 89

Survival of Gram positive anaerobic cocci on swabs and their isolation from the mouth and vagina  GILLIAN LF SMITH, CG CUMMING, PW ROSS 93

Correlation between nuclear morphology of 50 cases of cystic fibrosis and 50 cases of chronic bronchitis  JM LAMBERT 99

Racial differences in red cell indices  D ISAACS, DG ALTMAN, HV VALMAN 105

Guidelines on authorship 110

Technical methods

Staining of mycobacterium leprae in epoxy resin sections  KE BRASIL 111

Detection of Campylobacter pyloridis in gastric mucosa by phase contrast microscopy  KEITEE J PINKARD, B HARRISON, JA CAPSTICK, G MEDLEY, JR LAMBERT 112

Letters to the Editor 114

Readers reviews 120

Notices 128

No 2 FEBRUARY 1986

Aplastic and hypoplastic episodes in sickle cell disease and thalassaemia intermedia  ALISON I BROWNELL, DA MCSWIGGAN, WD CUBITT, MJ ANDERSON 121

Idiopathic haemochromatosis and the HLA B35 HLA A1-51-15-17 haplotype a marker for idiopathic haemochromatosis gene in north east regions?  A PIPRINO, S FARGION, N PANAETOPULOS, E DEL NINNO, MT TADDEI, G FIORELLI 125

Platelet volume analysis in the differential diagnosis of thrombocytosis  J VAN DER LEJE, AEG KR VON DEM BORNSCHMIDT 129

Marrow involvement in T cell lymphoma initially presenting as abnormal myelopoiesis  MJ AUGER, JRG NASH, MJ MACKIE 134

Laminin and fibronectin in adenoid cystic carcinoma  AJ D'ARDEENNE, P KIRKPATRICK, CA WELLS, JD DAVIES 138

Cyclosporin and renal graft histology  AJ D'ARDEENNE, MS DUNNILL, JF THOMPSON, D MCBRINNIE, RFM WOOD, PJ MORRIS 145

Morphological differentiation between rejection and cyclosporin nephrotoxicity in renal allografts  GH NEILD, DH TAUBE, RB HARTLEY, L BIGNARDI, JS CAMERON, DG WILLIAMS, CS OGG, CJ RUDGE 152

Lupus nephritis: clinicopathological study of 162 cases in Thailand  P PARICHATIKANOND, NO FRANCIS, P MALASIT, T LAGHAPAND, S NIMMANNIT, L SINGHOOVONG, S NILWARANGKUR, P CHIRAWONG, S VANICHKARN 160

Membranous glomerulonephritis  DJ HARRISON D THOMSON, MARY K MACDONALD 167

Coconut matting bezoar identified by a combined analytical approach  DA LEVISON, PR CROCKER, TA BOXALL, KJ RANDALL 172

Early cellular responses to intradermal injection of Kveim suspension in normal subjects and those with sarcoidosis  CS MUNRO, DN MITCHELL, LW POULTER, PJ COLE 176

Benign hepatic tumours and tumour like conditions in men  PJ KARHUNEN 183

Proposed alternative terminology and subclassification of so called "dysplastic naevi"  MORAG M SEYRICK, VALERIE R DOHERTY, RONA M MACKIE 189

Deficiency of serum "pregnancy-associated" α₂-glycoprotein (α₂-PAG): association with disease  CHW HORNE, LINDA M GERRIE, SYLVIA ARMSTRONG, PW BRUNT NAG MOWAT, TS SINCLAIR 195

Dihydropteridine reductase activity in dried blood spots: effects of aging and senile dementia of the Alzheimer type  CATHERINE M JEFFS, ANNE SILCOX, BARBARA LLOYD, BARBARA E CLAYTON 199

Rosette formation in the aetiologies of some cardiac diseases: an immunohistological investigation  D SIBLIC, C DIURKOVIĆ-DOKOVIĆ 204

Rapid diagnosis of Gram negative urinary infections: identification and antimicrobial susceptibility testing in 24 hours  CATHERINE M DUPEYRON, GEORGE A GUILLEMIN, GJ LEIJAN 208
Contents

Latex particle agglutination for detecting and identifying *Clostridium difficile* RA BOWMAN, SUZAN A ARROW, TV RILEY .......... 212
Clinical importance of *Campylobacter pyloridis* and associated serum IgG and IgA antibody responses in patients undergoing upper gastrointestinal endoscopy LINDA BOOTH, G HOLDSTOCK, H MACKRIDE, P HAWPIN, JR GIBSON, A IRELAND, J BAMFORTH, CLAIRE E DUBOULAY, RS LLOYD, AD PEARSON ................................................................. 215
Inhibition of *Pseudomonas aeruginosa* from cystic fibrosis by selective media K FONSECA, JANE MCDouGALL, TL PITT .......... 220
Detection of group B streptococcal antigen in necropsy specimens using monoclonal antibody and immunoperoxidase staining RG FELDMAN, SM LAW, JR SALISBURY ................................................................. 223

Technical method
Sensitive and rapid measurement of fibrin polymerisation by laser nephelometry A RUIZ-ARGUELLES, BEATRIZ PEREZ-ROMANO .... 227
Letters to the Editor .............................................................................................................. 230

No 3 MARCH 1986

Working classification of chronic myeloproliferative disorders based on histological, haematological, and clinical findings R BURKHARDT, R BARTL, K JAEGER, B FRISCH, G KETTNER, G MAHL, M SUND ................................................................. 237
Serum ferritin concentration in sickle cell crisis ALISON BROWNELL, S LOWSON, M BROZOVIĆ ................................................................. 253
Iron state in alpha and beta thalassaemia trait JM WHITE, R RICHARDS, G JELENKO, MARGARET BYRNE, M ALI ................................................................. 256
Analysis of G banded karyotypes in myeloma cells KUEY-CHU CHEN, PC BEVAN, JG MATTHEWS ................................................................. 260
Use of Leu M1 and antiepithelial membrane antigen monoclonal antibodies for diagnosing Hodgkin’s disease AS JACK, D CUNNINGHAM, M SOUKOP, CHRISTINE N LIDDLE, FD LEE ................................................................. 267
Immunohistochemical analysis of mononuclear cell subsets in inflammatory and non-inflammatory myopathies NR LEMOINE, IF RYAN, ELAINE L COX, VIVIAN MAYSTON, PA REVELL, M SWASH ................................................................. 271
Metastatic thymoma: a case report and immunohistological analysis DM SALTER, AS KRAJEWSKI ................................................................. 275
Lamina propria mast cells in biopsies from children with Crohn’s disease IR SANDERSON, KIP LEUNG, FL PEARCE, JA WALKER-SMITH ................................................................. 279
Poorly differentiated squamous carcinoma of the bronchus: a light and electron microscopic study A CARLILE, C EDWARDS ................................................................. 284
Evaluation of strategy for testing thyroid function applied to hypothyroidism CATHRYN M CORNS, AL MILLER ................................................................. 293
Transitional carcinoma of the upper urinary tract: a histological and cytopathological study WILMA J HIGHMAN ................................................................. 297
Nature of “basal” and “reserve” cells in oviductal and cervical epithelium in man WM PETERS ................................................................. 306
Comparison of the results of asbestos fibre dust counts in lung tissue obtained by light microscopy and light electron microscopy FD POOLEY, DL RANSON ................................................................. 313
Restriction enzyme analysis of cytomegalovirus DNA to study transmission of infection CATHERINE S PECKHAM, AJ GARRETT, KS CHIN, PM PREECE, DB NELSON, DIANE E WARNER ................................................................. 318
Antigenic specificity of serological response in *Chlamydia trachomatis* urethritis detected by immunoblotting R CENVINI, F RUMPIANISI, V SAMBRI, M LA PLACA ................................................................. 325
Serotyping of *Streptococcus pneumoniae* strains by coagglutination LE SMART ................................................................. 328
Micromodification of Serodia HBe haemagglutination kit and modification of kit to test for anti-HBe PA NUTTALL ................................................................. 332
Technique for the culture and direct sensitivity of large numbers of urine specimens P CHEETHAM, SE BROWN ................................................................. 335

Technical methods
Making poster demonstrations with word processors HB HELQUIST ................................................................. 338
Plastic processing of cemented hip joint replacement specimens CD PALLET, WHB MAWHINNEY, AJ MALCOLM ................................................................. 339

Letters to the Editor .............................................................................................................. 342

No 4 APRIL 1986

Review article
Campylobacter pyloridis, gastritis, and peptic ulceration CS GOODWIN, JA ARMSTRONG, BJ MARSHALL ................................................................. 353
Strongyloides stercoralis hyperinfestation syndrome with *Escherichia coli* meningitis: report of two cases LESLEY A SMALLMAN, JENNIFER A YOUNG, WR SHORTLAND-WEBB, MP CAREY, MJ MICHAEL ................................................................. 366
Coagulase production by strains of *Staphylococcus aureus* of differing resistance characters: a comparison of two traditional methods with a latex agglutination system detecting both clumping factor and protein A JANET B DICKSON, RR MARPLES ................................................................. 371
Interactions between polymorphonuclear leucocytes, *Bacteroides* sp, and *Escherichia coli*: their role in the pathogenesis of mixed infection WAC VEL, F NAMAVAR, AMJ VERWEEL-VAN YUGHT, ANR PUBBERT, DM MAACKLEN ................................................................. 376
Sudden infant death and cytomegalovirus inclusion disease S VAREND, RG PEARSE ................................................................. 383
DNA content and the adenoma-carcinoma sequence in the colorectum HS GOH, JR JASS ................................................................. 387
Value of mucin histochemistry in follow up surveillance of patients with long standing ulcerative colitis JR JASS, JANET ENGLAND, KM MILLER ................................................................. 393
Monoclonal antibody (UCHL1) that recognises normal and neoplastic T cells in routinely fixed tissues AJ NORTON, AD RAMSAY, SUSAN H SMITH, PCL BEVERLEY, PG ISAACSON ................................................................. 399
Morphometric study of histological changes in sublabial salivary glands due to aging process PCM DE WILDE, JPA BAAL, JC VAN HOUWELINGEN, L KATER, PJ SLOOTWEG ................................................................. 406
Somatostatin and adrenocorticotropic hormone like immunoreactivity in small cell carcinoma of the lung MP CHRETIEN, A POULIARD-BARTHELAIN, MP DUBOIS, C SIMARD, A REBEL ................................................................. 418
Scar adenocarcinoma of the lung: a light and electron microscopic study C EDWARDS, A CARLILE ................................................................. 423

Letters to the Editor .............................................................................................................. 426

Imaired neutrophil function in intestinal lymphangiectasia  RF BOLTON, KL COTTER, MS LOSOWSKY .......................... 876
Studies of erythroblast function in congenital dyserythropoietic anaemia, type I: evidence of impaired DNA, RNA, and protein synthesis and unbalanced globin chain synthesis in ultrastructurally abnormal cells  SN WICKRAMASINGHE, MJ PIPPARD .................. 881
Comparative cytochemical study of dipetidyl aminopeptidase (DAP) II and IV in normal and malignant haemic cells  MR KHALAF, PC BEVAN, FGI HAYHOE .................. 891
Autoimmunity in chronic liver disease caused by hepatitis delta virus  DANIELA ZAULI, CRISTINA CRESPI, FB BIANCHI, A CRAXI, E PISI ................. 897
New aid for diagnosing chronic beryllium disease (CBD): laser ion mass analysis (LIMA)  W JONES, WILLIAMS, D KELLAND .................................. 900
Severe cutaneous reactions to captopril and enalapril; histological study and comparison with early mycosis fungoides  PN FURNESS, MJ GOODFIELD, KA MACLENNAN, A STEVENS, LG MILLARD .................. 902
Oxyphil cells in thyroid disease: a uniform change?  CH KENDALL, EVA MCCLUSKEY, J NAYLOR, M EAGLES .......................... 908
Chronic active hepatitis complicated by clonal lymphocytosis and typical carcinoid tumour  SUSAN M ANDREW, GM BELLINGERI, MJ MASON .................................. 913
Immunoperoxidase labelled antibody staining in differential diagnosis of central nervous system haemangioblastomas and central nervous system metastases of renal carcinomas  SUSAN M ANDREW, E GRADWELL .......................... 917
Fractured neck of femur and contralateral intracerebral lesions  MCCLURE, SUSAN GOLDSBOROUGH ................. 920

No 9 SEPTEMBER 1986

Review article
Diagnosing Pneumocystis carinii pneumonia by cytopathological examination of bronchoalveolar lavage fluid: a case report  A YOUNG, JRM BROWN, RJG MCKINNON, D ADU, J MICHAEL, I ABBOTT .................. 945
Human lung tumours may coexpress different classes of intermediate filaments  KC GATTER, MS DUNNELL, GNV VAN MUIJEN, DY MASON .......................... 950
Immunocytochemical study of 18 tumours causing ectopic Cushing's syndrome  PJ COATES, D DONIACH, TA HOWLETT, LESLEY H REES, GM BESSER ................. 955
New marker for mesothelioma: an immunoperoxidase study  A DONNA, PG BETTA, D BELLINGERI, A MARCHESINI .......................... 961
Pulmonary megakaryocytes: “missing link” between cardiovascular and respiratory disease?  GK SHARMA, IC TALBOT .................. 969
Growth fractions in breast cancers determined in situ with monoclonal antibody Ki-67  J GERDES, JR LELLE, H PICKARTZ, W HEIDENREICH, R SCHWARTING, L KURTISSEGER, G STAUCH, H STEIN .................................. 977
Adenomatosis of small intestine: case report  T NAKAMURA, H KIMURA, G NAKANO .................. 981
DNA ploidp patterns and cytokinetics of non-Hodgkin's lymphoma  SK JUNEJA, IA COOPER, GS HODGSON, MM WOLF, JC DING, P NJ IRONSIDE, RJS THOMAS, JD PARKIN .................. 987
High proliferative activity of Reed Sternberg associated antigen Ki-1 positive cells in normal lymphoid tissue  J GERDES, R SCHWARTING, H STEIN .................. 993
French American British (FAB) morphological classification of childhood lymphoblastic leukaemia and its clinical importance  JS LILLEYMAN, JH HANN, BF STEVENS, OB EDEN, SM RICHARDS .................. 998
Hageman factor, high molecular weight kinogen, and prekallikrein in chronic liver disease  C CORDOVA, F VIOLI, C ALESSANDRI, D FERRO, M SALIOLA, F BALSANO .................. 1003
Antimicrobial susceptibility testing of Haemophilus influenzae: trial organised as part of United Kingdom national external quality assessment scheme for microbiology  JJ SNELL, DJF BROWN, TJ PHUA .................. 1006
Asymptomatic carriage of Clostridium difficile in patients with cystic fibrosis  SL PEACH, SP BORRIZELLO, H GAYA, FE BARCLAY, AR WELCH .................. 1013
Parvovirus infection associated with aplastic crisis in a patient with HEMPAS  NC WEST, RE MEIGH, M MACKIE, MJ ANDERSON .......................... 1019
Septicaemia and meningitis caused by dysgonic fermenter-2 (DF-2)  PCY CHAN, K FONSECA .................. 1021
Quantitative method for determining serum alkaline phosphatase isoenzyme activity I. Guanidine hydrochloride: new reagent for selectively inhibiting major serum isoenzymes of alkaline phosphatase  MDS SHEPHARD, MJ PEAKE .................. 1025
Quantitative method for determining serum alkaline phosphatase isoenzyme activity II. Development and clinical application of method for measuring four serum alkaline phosphatase isoenzymes  MDS SHEPHARD, MJ PEAKE, RN WALMSLEY .......................... 1031
