

## **VACANCY – SOCIAL MEDIA EDITOR, *Journal of Clinical Pathology***

*Journal of Clinical Pathology*, published by BMJ and co-owned with the Association of Clinical Pathologists, has an exciting vacancy for an enthusiastic Social Media Editor to drive the journal's web presence worldwide.

*Journal of Clinical Pathology* is a leading international journal covering all aspects of pathology. Diagnostic and research areas covered include histopathology, virology, haematology, microbiology, cytopathology, chemical pathology, molecular pathology, forensic pathology, dermatopathology, neuropathology and immunopathology. It celebrated its 70th anniversary in 2017. More information can be found at [jcp.bmj.com](http://jcp.bmj.com).

*Journal of Clinical Pathology* already has a presence on Twitter and Facebook. The journal is searching for someone to support the editorial team in improving the journal's visibility and reach via these and other social media, by promoting the journal's content as well as helping its core readership to stay up to date with news and developments in the field.

Candidates should be educated to postgraduate level with knowledge of the journal's subject area. Some experience of science communication and/or digital content management systems such as Twitter, Facebook and WordPress would be preferred, but the main criteria for the successful applicant will be enthusiasm for the subject area, creativity, and an interest in using new technologies to disseminate scientific research. The role would be ideally suited to a junior researcher or practising pathologist, and they may be based anywhere in the world.

The Social Media Editor will report directly to the journal's Editor-in-Chief, and may be expected to participate occasionally in editorial meetings (usually remotely by telephone or videoconference). This is an unpaid position, but training and support will be provided by BMJ's digital communications team.

To apply, please send your CV and covering letter to Lindsey Fountain, Associate Publisher at BMJ, at [lfountain@bmj.com](mailto:lfountain@bmj.com).

**Deadline: 4th March 2018**
