JOURNAL OF CLINICAL PATHOLOGY

The Journal of The Association of Clinical Pathologists

CONTENTS

Personal recollections of Sidney Dyke in the early years of the A.C.P. CUTHBERT E. DUKES. .page 413

Recent observations on leptospirosis in Northern Ireland and their bearing on current diagnostic methods T. S. WILSON. .page 415

Two cases of cryptococcosis J. B. MACGILLIVRAYpage 424

Bacterial flora in abnormalities of the female genital tract A. M. GORDON, H. E. HUGHES, and G. T. D. BARR.page 429

Revised classification of anonymous mycobacteria C. H. COLLINS.page 433

Multitest media for rapid identification of Proteus species with notes on biochemical reactions of strains isolated from urine and pus C. T. HUANGpage 438

Survival of urinary leucocytes D. R. TRIGER and J. W. G. SMITH.page 443

Review of some recent observations on 'glandular fever cells' R. L. CARTER.page 448

Assay of materials used in immunofluorescence techniques N. D. BRIGHTON.page 456

The occurrence of abnormal serum proteins in patients with epithelial neoplasms WENDY J. LYNCH and R. A. JOSKE.page 461

Diffuse membranous glomerulonephritis in children W. C. CHAN and Y. C. TSAO.page 464

Cystadenocarcinoma of the liver J. R. S. MOREpage 470

Zahn's 'infarcts' of the liver P. HORROCKS and E. TAPP.page 475

Macroscopic identification of early myocardial infarction by dehydrogenase alterations REUBEN A. RAMKISSOONpage 479

Diagnostic value of detailed metabolic pathway investigations in two cases of pheochromocytoma with minimal increase in total catecholamine output J. J. BROWN, C. R. J. RUTHVEN, and M. SANDLERpage 482

The determination of urinary amines by one-dimensional paper chromatography A. W. STOTT and R. ROBINSON.page 487

A distinctive fraction of alkaline phosphatase in health and disease M. A. NEWTON.page 491

Spurious hyperkalaemia and hyponatraemia in a patient with thrombocythaemia J. B. WHITFIELDpage 496

Raised serum copper and caeruloplasmin levels in subjects taking oral contraceptives M. E. CARRUTHERS, C. B. HOBBS, and R. L. WARREN.page 498

Serum uric acid levels in normal pregnancy with observations on the renal excretion of urate in pregnancy JAMES A. BOYLE, STUART CAMPBELL, ANNE M. DUNCAN, WILLIAM R. GREIG, and W. WATSON BUCHANANpage 501

Semi-automatic determination of lead in whole blood H. T. DELVES and P. VINTER.page 504

Automated method for the estimation of serum protein-bound iodine following alkaline incineration S. W. WELSHMAN, J. F. BELL, and G. MCKEEpage 510

Precision of plasma urea and electrolytes estimated by the AutoAnalyzer D. G. CAMPBELL and W. ANNAN.page 513

Technical methods

Use of cellulose acetate gel (Cellogel) for the demonstration of lactic dehydrogenase isoenzymes F. G. WARBURTON and J. WADDECAR.page 517

Low temperature storage container using carbon dioxide K. E. K. ROWSON and B. W. J. MAHY.page 519

A simple method for slicing starch gels G. PARKER LEWIS and BERNARD S. YUDOWITZ.page 521

Reconstruction of dried-up tissue specimens for histological examination A. T. SANDISON.page 522

Book reviewspage 524

Letters to the Editor.page 526
