

Journal of Clinical Pathology

British Medical Association, Tavistock Square, London WC1H 9JR

Contents Vol. 26, No. 7, July 1973

Benign sinus histiocytosis with massive lymphadenopathy: transient immunological defects in a child with mediastinal involvement
D. M. O. BECROFT, M. R. DIX, J. C. GILLMAN, BETH J. L. MACGREGOR, AND R. L. SHAW
pages 463-469

Carcinoembryonic antigen in serum in diseases of the liver and pancreas
S. K. KHOO AND I. R. MACKAY *pages 470-475*

The response to phytohaemagglutinin (PHA) of lymphocytes from cancer patients
S. KUMAR AND G. TAYLOR *pages 476-479*

Routine operation of an Elliott 903 computer in a clinical chemistry laboratory
L. G. WHITBY AND D. SIMPSON *pages 480-485*

Serum folic acid activity (*L. casei*) in Sephadex gel chromatography
T. MARKKANEN, R.-L. PAJULA, P. HIMANEN, AND S. VIRTANEN *pages 486-493*

An automated microbiological method for the measurement of vitamin B₁₂
R. E. DAVIS, J. MOULTON, AND A. KELLY
pages 494-498

Experience with a commercial preparation of ¹²⁵I-labelled human albumin for study of albumin metabolism
FIONA C. BALLANTYNE AND A. FLECK
pages 499-502

Early detection of influenza virus in cell culture by means of immunofluorescence
A. F. M. S. RAHMAN *pages 503-505*

A rapid assay method for cephalosporins
PAUL NOONE *pages 506-510*

A serological method for distinguishing coagulase-negative staphylococci from micrococci
L. S. NAKHLA *pages 511-516*

Coagulase-negative staphylococci causing endocarditis after cardiac surgery
D. C. E. SPELLER AND R. G. MITCHELL
pages 517-522

The relationship between the biotype of *Klebsiella* species and their pathogenicity
R. J. FALLON *pages 523-528*

The effect of temperature of the culture medium on the outcome of blood culture
D. G. MODEL AND R. N. PEEL *pages 529-531*

Antithrombin-III deficiency in a Dutch family
J. VAN DER MEER, E. A. STOEPMAN-VAN DALEN, AND J. M. S. JANSEN *pages 532-538*

The postnatal development of lymphoreticular aggregates and lymph nodes in infants' lungs
JOHN L. EMERY AND FAY DINSDALE *pages 539-544*

Technical methods

Methylene blue and azure-2 as stains for lipid in osmium-fixed tissues embedded in araldite
E. W. PARRY *pages 546-548*

A modified fluorimetric procedure for the rapid estimation of oxytetracycline in blood
V. V. MURTHY AND S. L. GOSWAMI *pages 548-550*

The development of aluminium containers for the storage of blood in liquid nitrogen for the immunization of Rh- volunteers
DUNCAN S. PEPPER, HELEN D. BLUME, AND I. PALIN *pages 550-552*

Letters to the Editor *page 552*

Book reviews *pages 553-554*
