Journal of Clinical Pathology

The Journal of the Association of Clinical Pathologists

Vol. 27, No. 1, January 1974

necrotic proximal
 tubule in an anuric
 following
 administration of
 mercuric chloride.
 Mitochondria in
 varying stages of
 degeneration can be
 seen. A peritubular
 capillary is immedi-
 ately adjacent to
 the necrotic cells
 and two unaffected
 tubules can be seen.
 (x10000) (fig. 6a, page 8)
