

Journal of Clinical Pathology

British Medical Association, Tavistock Square, London WC1H 9JR

Contents Vol. 30, No. 3, March 1977

Morphology and the natural history of cribriform adenocarcinoma (adenoid cystic carcinoma)

D. A. OSBORN *pages* 195-205

Adrenocortical hyperactivity with disseminated malacoplakia

J. MCCLURE, D. R. HADDEN, D. G. MUDD, AND T. G. PARKS *pages* 206-211

Pre-eclampsia presenting with deep jaundice

R. G. LONG, P. J. SCHEUER, AND SHEILA SHERLOCK *pages* 212-215

Correlations between the detection of e antigen or antibody and electron microscopic pattern of hepatitis B surface antigen (HBsAg) associated particles in the serum of HBsAg carriers

C. TREPO, R. G. BIRD, AND A. J. ZUCKERMAN *pages* 216-220

Modification of factor VIII complex properties in patients with liver disease

P. MAISONNEUVE AND YVETTE SULTAN *pages* 221-227

Myeloproliferative disorders: a paradox of *in-vivo* and *in-vitro* platelet function

B. J. BOUGHTON, W. E. N. CORBETT, AND A. D. GINSBURG *pages* 228-234

Megakaryoblastic transformation of chronic granulocytic leukaemia

An electron microscopy and cytochemical study

BARBARA BAIN, D. CATOVSKY, MAUREEN O'BRIEN, A. S. D. SPIERS, AND H. G. H. RICHARDS *pages* 235-242

A population of lymphocytes in human blood distinctive in morphology and other characteristics

H. SMITH AND R. J. COLLINS *pages* 243-249

Polymorphonuclear leucocyte function in Behçet's disease

J. D. SOBEL, S. HAIM, N. OBEDEANU, T. MESHULAM, AND D. MERZBACH *pages* 250-253

Cryptococcal meningitis complicating systemic lupus erythematosus: two patients treated with flucytosine and amphotericin B

D. C. E. SPELLER, F. FAKUNLE, S. A. CAIRNS, AND MARY STEPHENS *pages* 254-261

Observations on the use of the double diffusion test in the diagnosis of vaginal candidiasis

G. R. JONES AND D. W. WARNOCK *pages* 262-265

Infection of the foot with *Peptococcus magnus*

P. J. SANDERSON *pages* 266-268

Processing urinary endoscopes in a low-temperature steam and formaldehyde autoclave

G. L. GIBSON *pages* 269-274

API ZYM: a simple rapid system for the detection of bacterial enzymes

M. W. HUMBLE, ANNA KING, AND IAN PHILLIPS *pages* 275-277

Fucosidosis in a native-born Briton

G. B. MACPHEE AND R. W. LOGAN *pages* 278-283

Zinc and di-iodohydroxyquinoline therapy in acrodermatitis enteropathica

MALCOLM J. JACKSON *pages* 284-287

Technical methods

New disposable plastic syringe for collecting and centrifuging blood

PERCY PEREIRA DOS SANTOS *pages* 288-289

Identification of Gram-negative bacteria in histological sections using Sandiford's counterstain

R. E. LEAVER, B. J. EVANS, AND B. CORRIN *pages* 290-291

Letters to the Editor *pages* 291-294

Book reviews *pages* 294-298
