

Journal of Clinical Pathology

British Medical Association, Tavistock Square, London WC1H 9JR

Contents Vol. 31, No. 11, November 1978

Morphology of lymphatic cells and of their derived tumours

FRANCO RILKE, SILVANA PILOTTI, ANTONIO CARBONE, AND LUCIANO LOMBARDI
pages 1009-1056

Myotonia dystrophica with heart involvement: an electron microscopic study of skeletal, cardiac, and smooth muscle

R. M. LUDATSCHER, H. KERNER, S. AMIKAM, AND B. GELLEI *pages 1057-1064*

A critical comparison of the value of pregnancy-associated alpha₂-glycoprotein and carcinoembryonic antigen assays in patients with colorectal cancer

C. B. WOOD, C. H. W. HORNE, C. M. TOWLER, R. W. BURT, J. G. RATCLIFFE, AND L. H. BLUMGART *pages 1065-1067*

Human nails and body iron

S. SOBOLEWSKI, A. C. K. LAWRENCE, AND P. BAGSHAW *pages 1068-1072*

Sensitivity of immunoperoxidase and immunofluorescence staining for detecting chlamydia in conjunctival scrapings and in cell culture

R. M. WOODLAND, H. EL-SHEIKH, S. DAROUGAR, AND S. SQUIRES *pages 1073-1077*

Diagnosis of *Bacteroides fragilis* infection with counter-immunoelectrophoresis

O. A. OKUBADEJO, N. F. LIGHTFOOT, AND W. G. HEWITT *pages 1078-1082*

Serological diagnosis of *Bacteroides fragilis* infections by a complement fixation test
CONSTANCE A. C. ROSS AND R. F. GILMORE
pages 1083-1084

Propionibacteria as a cause of shunt and postneurosurgical infections

P. R. SKINNER, A. J. TAYLOR, AND H. COAKHAM
pages 1085-1090

Pitfalls in the use of artificial substrates for the diagnosis of Gaucher's disease

YOAV BEN-YOSEPH AND HENRY L. NADLER
pages 1091-1093

Platelet function, factor VIII, fibrinogen, and fibrinolysis in Nigerians and Europeans in relation to atheroma and thrombosis

EVELYNE DUPUY, A. F. FLEMING, AND J. P. CAEN
pages 1094-1101

Failure of factor VIII inhibitor bypassing activity to secure haemostasis in haemophilic patients with antibodies

D. H. PARRY AND A. L. BLOOM *pages 1102-1105*

Ristocetin and the thrombin clotting time

A. ARONSTAM, B. DENNIS, M. N. FRIESEN, W. F. CLARK, A. L. LINTON, AND R. M. LINDSAY
pages 1106-1110

Technical methods

A simple method for plasma exchange

R. SLADE, J. REVILL, R. M. HUTCHINSON, AND J. K. WOOD *pages 1111-1112*

A new approach to the preparation of bicarbonate solution for use in virus isolation media

A. G. HIGGINSON AND R. L. C. PILE
pages 1112-1113

Myeloperoxidase cytochemistry using 2,7-fluorenediamine

I. BENAVIDES AND D. CATOVSKY *pages 1114-1116*

Letters to the Editor *pages 1116-1117*

Book reviews *pages 1117-1120*
