

Journal of Clinical Pathology

British Medical Association, Tavistock Square, London WC1H 9JR

Contents Vol. 31, No. 2, February 1978

- Spectrum of renal tubular damage in renal failure secondary to cirrhosis and fulminant hepatic failure
S. P. WILKINSON, D. HURST, D. W. DAY, AND ROGER WILLIAMS *pages* 101-107
- Hepatocellular carcinoma and hepatic cirrhosis in the west of Scotland: a 25-year necropsy review
R. A. BURNETT, R. S. PATRICK, W. G. S. SPILG, W. M. BUCHANAN, AND R. N. M. MACSWEEN *pages* 108-110
- Benign oesophageal papillomatosis
W. E. WATERFALL, S. SOMERS, AND D. J. DESA *pages* 111-115
- Squamous carcinoma of the breast
P. S. HASLETON, K. A. MISCH, K. S. VASUDEV, AND D. GEORGE *pages* 116-124
- Lymphocyte transformation in cancer patients: variation in results according to technique
GILLIAN M. L. GYTE AND SYLVIA M. WATKINS *pages* 125-128
- Crossreaction of antilymphocyte globulin with human granulocyte colony-forming cells
A. J. BARRETT, P. LONGHURST, N. ROSENGURT, J. R. HOBBS, AND J. G. HUMBLE *pages* 129-135
- The case for laboratory aides in district clinical chemistry departments
DEREK WATSON *pages* 136-138
- International Committee for Standardization in Haematology
Recommendations for reference method for haemoglobinometry in human blood (ICSH Standard EP 6/2: 1977) and specifications for international haemiglobincyanide reference preparation (ICSH Standard EP 6/3: 1977) *pages* 139-143
- Sterilisation in the laboratory autoclave using direct air displacement by steam
P. H. EVERALL, C. A. MORRIS, AND R. YARNELL *pages* 144-147
- Sporicidal activity of mixtures of alcohol and hypochlorite
D. COATES AND JANET E. DEATH *pages* 148-152
- Effect of bacterial flora on staphylococcal colonisation of the newborn
WILLIAM T. SPECK, JOHN M. DRISCOLL, RICHARD A. POLIN, AND HERBERT S. ROSENKRANZ *pages* 153-155
- Cerebral ventriculitis associated with *Achromobacter xylosoxidans*
SHIRO SHIGETA, YOSHIO YASUNAGA, KEN HONSUMI, HIROKO OKAMURA, ROKURO KUMATA, AND SHINICHIRO ENDO *pages* 156-161
- Synergy between sulphonamide and trimethoprim in the presence of pus
P. N. EDMUNDS *pages* 162-164
- Effect of thymidine on activity of trimethoprim and sulphamethoxazole
ANNE STOKES AND R. W. LACEY *pages* 165-171
- Serum standards for the bioassay of aminoglycosides in cerebrospinal fluid
S. HAMMERBERG, R. SINAI, AND M. I. MARKS *pages* 172-174
- Routine diagnosis of human rotaviruses in stools
G. ZISSIS, J. P. LAMBERT, AND D. DE KEGEL *pages* 175-178
- Laboratory diagnosis of EB virus infection in some cases presenting as hepatitis
JOAN M. B. EDWARDS, ELISE M. VANDERVELDE, B. J. COHEN, AND D. A. MCSWIGGAN *pages* 179-188
- Isolation of chlamydiae in untreated and Cytochalasin B treated McCoy cells
J. J. O'NEILL, BARBARA M. MCLEAN, AND M. H. HAMBLING *pages* 183-184
- Staining clinical specimens for acid-fast bacilli by means of a mechanical conveyor system
G. V. HEIMER, NATASHA JOSEPH, AND C. E. D. TAYLOR *pages* 185-188
- Identification of clinical isolates of *Neisseria gonorrhoeae* by a coagglutination test
M. BARNHAM AND A. A. GLYNN *pages* 189-193
- Technical methods*
- Anthocyanin BB: a nuclear stain substitute for haematoxylin
S. A. AL-TIKRITI AND F. WALKER *pages* 194-196
- Measurement of plasma volume using ⁵⁹Fe-labelled transferrin
C. RICKETTS AND I. CAVILL *pages* 196-198
- Letters to the Editor *pages* 198-199
- Book reviews *page* 200
