

Journal of Clinical Pathology

British Medical Association, Tavistock Square, London WC1H 9JR

Contents Vol. 31, No. 6, June 1978

Enzyme immunoassays with special reference to ELISA techniques

A. VOLLER, A. BARTLETT, AND D. E. BIDWELL
pages 507-520

Evaluation of the single radial haemolysis (SRH) technique for rubella antibody measurement

S. M. RUSSELL, SANDRA R. BENJAMIN, MOYA BRIGGS, MARY JENKINS, P. P. MORTIMER, AND SHEILA B. PAYNE *pages 521-526*

Measurement of total haemolytic complement activity in body fluids

W. M. STRONG, D. J. LEA, AND D. J. WARD
pages 527-530

Determination of antibiotic sensitivities by the Sensititre system

IAN PHILLIPS, CHRISTINE WARREN, AND PAMELA M. WATERWORTH *pages 531-535*

An assessment of the Sensititre method for determining minimum inhibitory and bactericidal concentrations

ANGELA H. PYKETT *pages 536-538*

Phagocytosis and killing of staphylococci by human polymorphonuclear and mononuclear leucocytes

H. A. VERBRUGH, R. PETERS, P. K. PETERSON, AND J. VERHOEF *pages 539-545*

Serum immunoglobulin concentrations before and after splenectomy in patients with homozygous β -thalassaemia

M. CONSTANTOULAKIS, D. TRICHOPOULOS, O. AVGOUSTAKI, AND J. ECONOMIDOU *pages 546-550*

Cytological basis of histological typing of diffuse Hodgkin's disease

A. E. LIVESSEY, FIONA I. SUTHERLAND, R. A. BROWN, J. SWANSON BECK, J. B. MACGILLIVRAY, AND W. SLIDDERS *pages 551-559*

A case of Lennert's lymphoma

J. B. MACGILLIVRAY AND W. G. MACINTOSH
pages 560-566

Overlap in the spectrum of non-specific inflammatory bowel disease—'colitis indeterminate'

ASHLEY B. PRICE *pages 567-577*

Ontogeny of actin and microsomal antigens in gastric parietal cells

R. CEREDIG AND B. H. TOH *pages 578-584*

Use of a mucolytic agent (Cytoclair) in the preparation of cell material for the detection of malignant cells in sputum

J. M. GRAINGER AND O. A. N. HUSAIN *pages 585-590*

Ectopic ACTH syndrome: clinicopathological correlations

W. SINGER, K. KOVACS, N. RYAN, AND E. HORVATH *pages 591-598*

A case of type III hyperlipoproteinaemia studied by acrylamide gel gradient electrophoresis

M. Y. CHEW, J. M. GUTMAN, AND J. GREEN
pages 599-601

Technical method

Rapid acetoacetate analysis on the LKB 8600 Reaction Rate Analyser
D. F. DAVIDSON *pages 602-605*

Book reviews *pages 605-606*
