

Journal of Clinical Pathology

British Medical Association, Tavistock Square, London WC1H 9JR

Contents Vol. 31, No. 7, July 1978

Disseminated intravascular coagulation: a review
P. J. HAMILTON, A. L. STALKER, AND
A. S. DOUGLAS *pages 609-619*

Tamm-Horsfall protein in the glomerular
capsular space
A. R. MCGIVEN, J. S. HUNT, W. A. DAY, AND
R. R. BAILEY *pages 620-625*

A histological comparison of adenomatous
and hyperplastic parathyroid glands
D. A. S. LAWRENCE *pages 626-632*

Myometrial vascular damage after surgical
sterilisation by tubal diathermy
G. TREGSON-ROBERTS, S. A. HANLEY, AND
J. T. ROBERTS *pages 633-638*

Further characterisation of a spontaneously
occurring antibasement membrane antibody
ARTHUR J. AMMANN AND JOSEPH R. GOODMAN
pages 639-644

Output of peritoneal cells during peritoneal
dialysis
OMAR FAKHRI, HAMID AL-MONDIRY,
USAMA N. RIFAAT, MOHAMMAD ALI KHALIL, AND
ADIL MAHDI AL-RAWI *pages 645-647*

Lysosomal enzyme cytochemistry of blood
neutrophils
J. T. WOZNIK, T. L. ORCHARD, P. H. MACKIE,
D. K. MISTRY, AND J. STUART *pages 648-653*

Blood cells and alcohol consumption with
special reference to smoking habits
E. ESCHWEGE, L. PAPOZ, J. LELLOUCH,
J. R. CLAUDE, J. CUBEAU, G. PEQUIGNOT,
J. L. RICHARD, AND D. SCHWARTZ
pages 654-658

Specific and non-specific folate binding protein
in normal and malignant human tissues
R. CORROCHER, G. DE SANDRE,
A. AMBROSETTI, M. L. PACHOR, L. M. BAMBARA,
AND A. V. HOFFBRAND *pages 659-665*

γ -Glutamyl transferase isoenzymes in human
bile
P. R. WENHAM, C. P. PRICE, AND H. G. SAMMONS
pages 666-670

Urinary free corticosteroid excretion and renal
function
JUDITH GILLILAND AND P. J. PHILLIPS
pages 671-672

A computer-assisted bacteriology reporting and
information system
D. A. MITCHISON, J. H. DARRELL, AND RUTH
MITCHISON *pages 673-680*

Viral antigens and antibodies in hepatitis B
infection
C. R. HOWARD, A. R. ZANETTI, SARA THAL, AND
A. J. ZUCKERMAN *pages 681-687*

A cerebrospinal fluid leucocidin in pyogenic
meningitis
B. M. GREENWOOD *pages 688-691*

Use of pyruvate fermentation compared with
tetrazolium reduction in the differentiation of
group D streptococci
SHEENA A. WAITKINS *pages 692-695*

Technical methods
A pH stat for carbon dioxide incubator control
A. R. HAYES *pages 696-699*

A modified haematoxylin and eosin stain for
histological sections of lymph nodes
JAMES O'DRISCOLL AND J. P. RYAN *page 700*

Letters to the Editor *pages 700-703*

Book reviews *pages 703-704*
