

Journal of Clinical Pathology

British Medical Association, Tavistock Square, London WC1H 9JR

Contents Vol. 32, No. 5, May 1979

Sense and safety in laboratories *pages* 417-419

Acquired lipidosis of marrow macrophages
F. G. J. HAYHOE, R. J. FLEMANS, AND D. C. COWLING *pages* 420-428

Platelet function in beta-thalassaemia major
M. A. M. HUSSAIN, R. A. HUTTON, O. PAVLIDOU, AND A. V. HOFFBRAND *pages* 429-433

Platelet aggregation studies during transient hypoglycaemia
R. A. HUTTON, D. MIKHAILIDIS, K. M. DORMANDY, AND J. GINSBURG *pages* 434-438

Effect of dextran sulphates on thrombin activity
KOJI SUZUKI AND SENICHIRO HASHIMOTO *pages* 439-444

Increased interaction of vascular endothelium and leucocytes after administration of anti-platelet serum: role in the developing vascular defect
IREN B. KOVACS AND J. P. CAEN *pages* 445-449

A monoclonal macroglobulin with antinuclear activity
L. INTRATOR, C. ANDRE, C. CHENAL, AND C. SULTAN *pages* 450-454

Alpha-fetoprotein, alpha-1-antitrypsin, and transferrin in gonadal yolk-sac tumours
J. O. W. BEILBY, C. H. W. HORNE, G. D. MILNE, AND CONSTANCE PARKINSON *pages* 455-461

Cytokinetic studies of crypts in convoluted human small-intestinal mucosa
NICHOLAS A. WRIGHT, DAVID R. APPLETON, JANET MARKS, AND ALEXANDER J. WATSON *pages* 462-470

Adipose cell size in obese Africans: evidence against the existence of insulin resistance in some patients
B. I. JOFFE, R. B. GOLDBERG, J. FEINSTEIN, A. KARK, AND H. C. SEFTEL *pages* 471-474

An ultrastructural study of a nasal haemangioendothelioma
ROBERT M. WILLIAMS AND J. N. THOMAS *pages* 475-481

A comparative study of chromosome G-banding using trypsin, papain, and pretreatment with emulphogene
GHIZALA KHALID, HAVA NEUMANN, R. J. FLEMANS, AND F. G. J. HAYHOE *pages* 482-487

Adjusted calcium conflict resolved?
B. E. WALKER AND R. B. PAYNE *pages* 488-491

Bacteria causing symptomatic urinary tract infection or asymptomatic bacteriuria
A. P. ROBERTS AND RUTH PHILLIPS *pages* 492-496

The skin as the source of *Acinetobacter* and *Moraxella* species occurring in blood cultures
MAYSOON S. AL-KHOJA AND J. H. DARRELL *pages* 497-499

Identification of *Pseudomonas pseudomallei* in the clinical laboratory
L. R. ASHDOWN *pages* 500-504

Class II (laminar flow) biological safety cabinet
S. W. B. NEWSOM *pages* 505-513

Technical methods

A simple method for quantitating salivary levels of virus using calcium alginate swabs
D. P. FRANCIS, M. ESSEX, S. M. COTTER, D. GAYZAGIAN, AND D. HAMM *pages* 514-515

Rapid processing of renal glomeruli for electron microscopy
H. HELIN, A. PASTERNAK, AND I. RANTALA *pages* 516-520

Letter to the Editor *page* 520

Book reviews *pages* 520-522
