

Contents Vol 33, No 11, November 1980

Hepatitis B as a hazard to laboratory staff: a re-appraisal
EAC FOLLETT AND JD SLEIGH *pages* 1017-1020

Distribution of fibronectin in normal and diseased human kidneys
AJ DIXON, J BURNS, MS DUNNILL, AND J O'D MCGEE *pages* 1021-1028

IgM associated primary diffuse mesangial proliferative glomerulonephritis
W LAWLER, G WILLIAMS, P TARPEY, AND NP MALLICK *pages* 1029-1038

Condylomatous tumours of vulva, vagina, and penis
R SCHMAUZ AND R OWOR *pages* 1039-1046

Effects of fixation and processing on immunohistochemical demonstration of immunoglobulin in paraffin sections of tonsil and bone marrow
RC CURRAN AND J GREGORY *pages* 1047-1057

Mixed hepatoblastoma in the adult: case report and review of the literature
RP HONAN AND MT HAQQANI *pages* 1058-1063

Adenoacanthoma of the endometrium: a separate entity or a histological curiosity?
H BARROWCLOUGH AND KW JAARMA *pages* 1064-1067

Angiofollicular and plasmacytic polyadenopathy: a pseudotumourous syndrome with dysimmunity
J DIEBOLD, M TULLIEZ, A BERNADOU, J AUDOUIN, G TRICOT, M REYNES, AND G BILSKI-PASQUIER *pages* 1068-1076

Anti-collagen antibodies in sera from rheumatoid arthritis patients
HELEN K BEARD, RUTH RYVAR, J SKINGLE, AND GL GREENBURY *pages* 1077-1081

Rubella-specific IgM detection using Sephacryl S-300 gel filtration
P MORGAN-CAPNER, E DAVIES, AND JR PATTISON *pages* 1082-1085

An investigation into the efficiency of disposable face masks
KB ROGERS *pages* 1086-1091

A problem with the recognition of penicillin-resistant pneumococci
T REES AND PAMELA M WATERWORTH *pages* 1092-1094

An outbreak of calicivirus infection in a mother and baby unit
WD CUBITT, DA MCSWIGGAN, AND S ARSTALL *pages* 1095-1098

Bullous impetigo caused by *Streptococcus salivarius*: a case report
I BROOK *pages* 1099-1101

Serum isoamylase activities in diabetes mellitus
YING FOO, SB ROSALKI, L RAMDIAL, D MIKHAILIDIS, AND P DANDONA *pages* 1102-1105

Significance of tests for HBeAg and anti-HBe in HBsAg positive blood donors
BC DOW, I MACVARISH, A BARR, RJ CRAWFORD, AND R MITCHELL *pages* 1106-1109

Phagocytosis of neutrophil polymorphonuclears by macrophages in human bone marrow: importance in granulopoiesis
C DRESCH, G FLANDRIN, AND J BRETON-GORIUS *pages* 1110-1113

Visual versus mechanised leucocyte differential counts: costing and evaluation of traditional and Hemalog D methods
MJ HUDSON AND AE GREEN *pages* 1114-1117

Technical methods

A micromethod for the erythrocyte sedimentation rate suitable for use on venous or capillary blood
BA BARRETT AND PI HILL *pages* 1118-1120

Saving tests by pooling sera—how great are the benefits?
JY MORTIMER *pages* 1120-1121

Letters to the Editors *page* 1122

Book reviews *pages* 1123-1124
