

Right for size. Ready for action.

Ready-to-use, autoclaved 'Hibidil' and 'Savlodil' not only save you the time and trouble of diluting on the ward—they are of assured quality and readily identifiable. By selecting the appropriate pack for the purpose, the risk of contamination can be virtually ruled out.

A complete range of single-use packs is now available from the 25 ml and 100 ml sachets to the 500 ml and 1000 ml plastic bottles with their easy-to-open, tamper-evident closures.

Abridged prescribing information.
Presentations. Savlodil contains 0.015% w/v 'Hibitane' (chlorhexidine) gluconate and 0.15% w/v Cetrimide Ph. Eur. Hibidil contains 0.05% w/v 'Hibitane' (chlorhexidine) gluconate.
Uses. 'Savlodil': autoclaved, ready-to-use antiseptic/detergent for swabbing in obstetrics, dressing changes. Disinfecting/cleansing traumatic and surgical wounds or burns. 'Hibidil': autoclaved, ready-to-use antiseptic for clean skin. **Administration Use,** without further dilution, for topical application only. **Warnings.** For external use only, not injection. Avoid eyes, brain, meninges, middle ear. In aseptic procedures, disinfect container outside before opening. Discard surplus after use. Keep away from children. **Side effects.** Idiosyncratic skin reactions rare.

Accidental contact with milk, egg white soap. **Product Licence Nos.** Savlodil 0029/0114, Hibidil 0029/0143. 'Savlodil', 'Hibidil' and 'Hibitane' are trade marks. Further information is available on request.

STATISTICS IN PRACTICE

STATISTICS AND ETHICS IN MEDICAL
RESEARCH *Douglas G Altman*

STATISTICS IN QUESTION *Sheila M Gore*

No doctor can afford to ignore statistics: most modern medical research uses statistics. This important and authoritative book, which is a collection of articles that have appeared in the BMJ, provides clear information on designing studies, applying statistical techniques, and interpreting studies that use statistics. It can be easily understood by those with no statistical training and should be read by all those who want to keep abreast of new developments.
