

Journal of Clinical Pathology

November 1984 Vol 37 No 11

Contents

Review article

Vulvar intraepithelial neoplasia and microinvasive carcinoma of the vulva CH BUCKLEY, EB BUTLER, H FOX *page* 1201

Effect of chemotherapy on the histological appearances of testicular teratoma metastatic to the lung: correlation with patient survival M MADDEN, P GOLDSTRAW, B CORRIN *page* 1212

Use of antibodies to carcinoembryonic antigen and human milk fat globulin to distinguish carcinoma, mesothelioma, and reactive mesothelium RJ MARSHALL, A HERBERT, SG BRAYE, DB JONES *page* 1215

A quantitative study of histiocytic reticulum cells in diffuse and follicular non-Hodgkin's lymphomas J CROCKER, RACHEL JENKINS *page* 1222

Histometric study of the localisation of lymphocyte subsets and accessory cells in human Mantoux reactions JH GIBBS, J FERGUSON, RA BROWN, KJA KENICER, RC POTTS, G COGHILL, J SWANSON BECK *page* 1227

Detection of S-100 labelled cells in nasopharyngeal carcinoma L LAURIOLA, F MICHETTI, S SENTINELLI, D COCCHIA *page* 1235

Penetration of the left ventricular myocardium by benign peptic ulceration: two cases and a review of the published work C PORTEOUS, D WILLIAMS, A FOULIS, BA SUGDEN *page* 1239

Traumatic subarachnoid haemorrhage: an alternative source GC COAST, DJ GEE *page* 1245

Human mast cells detected by monoclonal antibodies EF RIMMER, C TURBERVILLE, MA HORTON *page* 1249

Adult Fanconi syndrome progressing to multiple myeloma RL SEWELL, MS DORREEN *page* 1256

Bone marrow fibre content in acute myeloid leukaemia before and after treatment A ISLAM, D CATOVSKY, JM GOLDMAN, DAG GALTON *page* 1259

Physiological activation of plasminogen in full term newborn infants MM AL HILALI, BE GILLIVER *page* 1264

Relation between the mucosal flora and Paneth cell population of human jejunum and ileum MARGARET E ELMES, MR STANTON, CHL HOWELLS, GH LOWE *page* 1268

Mucosal flora of the small intestine and the effect of preoperative antibiotics MARGARET E ELMES, CHL HOWELLS, GH LOWE *page* 1272

Immunological identification of *Neisseria gonorrhoeae* with monoclonal and polyclonal antibody coagglutination reagents H YOUNG, KATHERINE G REID *page* 1276

Postmortem radiographic, histological and bacteriological studies of terminal respiratory infections and other pulmonary lesions in hospital and non-hospital necropsies P PÄÄKKÖ, T SÄRKIOJA, J HIRVONEN, T NURMI, R LAHTI, S SUTINEN *page* 1282

Antibiotic susceptibility and biochemical properties of *Streptococcus faecalis* strains reacting with both D and G antisera BR BIRCH, MAEVE GL KEANEY, LEELA A GANGULI *page* 1289

Comparison of a latex agglutination test with other serological tests for the measurement of antibodies to *Toxoplasma gondii* RA PAYNE, JM FRANCIS, W KWANTES *page* 1293

Endocarditis caused by *Rothia dentocariosa* SA BROEREN, MM PEEL *page* 1298

Necrotising fasciitis caused by *Vibrio vulnificus* ML WOO, WGD PATRICK, MTP SIMON, GL FRENCH *page* 1301

Immune deficiency due to adenosine deaminase and purine nucleoside phosphorylase deficiency: a simple diagnostic test JL MADDOCKS, SA AL-SAFI, G WILSON *page* 1305

Technical methods

Serogrouping of *Legionella pneumophila* by double diffusion and counter immunoelectrophoresis MG HOLLIDAY, J BARKER *page* 1308

New medium for enhancing pigment production of group B streptococci S SUKROONGREUNG, C NILAKUL, S TUNTIMAVANICH, S SANTIWATANAKUL *page* 1310

Demonstration of normoblasts in tissue sections by means of an immunohistochemical technique for haemoglobin J CROCKER, OHB GYDE, RACHEL JENKINS *page* 1312

Letters to the Editor *page* 1314

Book reviews *page* 1317

Notices *page* 1320

Some new titles *page* 1320
