

Contents

- Microcomputer software to facilitate costing in pathology laboratories JA STILWELL, FP WOODFORD page 817
- Infections in British clinical laboratories, 1984-5 NR GRIST, JAN EMSLIE page 826
- Simple method of monitoring colonising microbial load in chronic bronchial sepsis: pilot comparison of reduction in colonising microbial load with antibiotics given intermittently and continuously DC CURRIE, ELIZABETH HIGGS, SARAH METCALFE, DE ROBERTS, PJ COLLETT page 830
- Protein A and coagulase expression in epidemic and non-epidemic *Staphylococcus aureus* JANET IS ROBERTS, MA GASTON page 837
- Campylobacter pyloridis* and acid induced gastric metaplasia in the pathogenesis of duodenitis JI WYATT, BJ RATHBONE, MF DIXON, RV HEATLEY page 841
- Unresponsiveness to skin testing with bacterial antigens in patients with haemophilia A not apparently infected with human immunodeficiency virus (HIV) RA SHARP, SM MORLEY, J SWANSON BECK, GED URQUHART page 849
- Use of monoclonal antibodies in an ELISA to detect IgM class antibodies specific for *Toxoplasma gondii* AH BALFOUR, JP HARFORD, MARGARET GOODALL page 853
- Detection of low copy human papilloma virus DNA and mRNA in routine paraffin sections of cervix by non-isotopic in situ hybridisation J BURNS, AK GRAHAM, C FRANK, KA FLEMING, MF EVANS, JO'D MCGEE page 858
- Rapid technique of DNA-DNA in situ hybridisation on formalin fixed tissue sections using microwave irradiation PJ COATES, PA HALL, MURIEL G BUTLER, A J D'ARDENNE page 865
- Demonstration of lymphoid antigens in decalcified bone marrow trephines PA HALL, R LINDEMAN, MG BUTLER, JAL AMESS, AJ D'ARDENNE page 870
- Effect of decalcification agents on immunoreactivity of cellular antigens NA ATHANASOU, J QUINN, A HERYET, CG WOODS, JO'D MCGEE page 874
- Immunocytochemical analysis of HLA class II (DR) antigens in liver disease in man C BARBATHIS, P KELLY, J GREVESON, A HERYET, JO'D MCGEE page 879
- Nucleolar organiser region associated proteins in cutaneous melanotic lesions: a quantitative study J CROCKER, N SKILBECK page 885
- "Mucin secreting" and "mucinous" primary thyroid carcinomas: pitfalls in mucin histochemistry applied to thyroid tumours C RIGAUD, WV BOGOMOLETZ page 890
- Visceral brown fat necrosis in postperinatal mortality TJ STEPHENSON, S VARIEND page 896
- Leucocyte populations in ectopic tubal pregnancy U EARL, DP LUNNY, JN BULMER page 901
- Mesenteric venous thrombosis and antithrombin III deficiency C WILSON, ID WALKER, JF DAVIDSON, CW IMRIE page 906
- Some long term effects of smoking on the haemostatic system: a report from the Caerphilly and Speedwell Collaborative Surveys JWG YARNELL, PM SWEETNAM, S ROGERS, PC ELWOOD, D BAINTON, IA BAKER, R EASTHAM, JR O'BRIEN, MD ETHERINGTON page 909
- Evidence for the presence of lactoferrin in odontogenic keratocyst fluids CWI DOUGLAS, GT CRAIG page 914
- Technical methods**
- Demonstration of myocardial infarction in putrefying bodies GGP FECHNER, S SIVALOGANATHAN page 922
- Linear track scanning of pathological tissue sections: an interdisciplinary approach to microscopy JD DAVIES, CC JEAL, AR HOLTON page 924
- Simple technique for fluorescence staining of blood cells with acridine orange SAH JAHANMEHR, K HYDE, CG GEARY, KI CINKOTAL, JE MACIVER page 926
- Letters to the Editor**
- Incidence of cysteine dependent *Escherichia coli* in a general practice population D SANYAL page 930
- Factors II, VII, IX and X concentrations in patients receiving long term warfarin G EVANS, M WICKHAM, M BHAVNANI page 930
- Microvascular thrombosis of the bowel in paroxysmal nocturnal haemoglobinuria LM WILLIAMSON, JM JOHNSTONE, FE PRESTON page 930
- Method for preparing large specimens obtained by disarticulation or amputation for histological examination RJ FITZMAURICE, J GRAHAM, J MCLURE page 931
- Seminal vesicle epithelium in prostatic needle biopsy specimens JD COYNE, WF KEALY, P ANNIS page 932
- Weibel-Palade bodies in Kaposi's sarcoma cells KH MARQUART page 933
- Book reviews** page 933
- Notices** page 936
