

06/14/94

JOURNAL OF CLINICAL PATHOLOGY

The Journal of the Association of Clinical Pathologists

Leaders

- 385 **Recent advances in the study of tumour invasion and metastasis** *D Tarin, Y Matsumura*
391 **Association of Clinical Pathologists, surveys of infection in British clinical laboratories, 1970-1989**
N R Grist, Jan Emslie

Papers

- 395 **Regional and supraregional biochemistry services in Scotland: a survey of hospital laboratory users** *M J Murphy, F J Dryburgh, J Shepherd*
399 **Clonality of CD3 negative large granular lymphocyte proliferations determined by PCR based X inactivation studies** *A Kelly, S J Richards, M Sivakumaran, et al*
405 **Two enzyme linked immunosorbent assays for detecting antibodies against meningococcal capsular polysaccharides A and C** *O A O Akinwolere, D S Kumararatne, R Bartlett, D M Goodall, D Catty, S Singh, M Jaber, I Xess, R Kumar*
411 **Evaluation of a safe sputum processing method for detecting tuberculosis** *A Rattan, K Kishore, S Singh, M Jaber, I Xess, R Kumar*
414 **Use of splenic ultrasound: a new wave for immune thrombocytopenic purpura** *P Cervi, A Murdock, D Rees, et al*
418 **VS38: a new monoclonal antibody for detecting plasma cell differentiation in routine sections** *H Turley, M Jones, W Erber, K Mayne, M de Waele, K Gatter*
423 **Detection of tumour necrosis factor α in sarcoidosis and tuberculosis granulomas using in situ hybridisation** *N Myatt, G Coghill, K Morrison, D Jones, I A Cree*
427 **Composite glandular-carcinoid tumour of the terminal ileum** *N M Varghese, A M Zaitoun, S M Thomas, A Senapati, A Theodossi*
430 **Cytological screening and management of abnormalities in prevention of cervical cancer: an overview with stochastic modelling** *C Sherlaw-Johnson, S Gallivan, D Jenkins, M H Jones*
436 ***Helicobacter pylori* gastritis and primary gastric non-Hodgkin's lymphomas** *S Eidt, M Stolte, R Fischer*
440 **Activity of omeprazole on *Helicobacter pylori* and relation to toxicity of strains** *N Figura, D Armellini, M Bugnoli, P F Bayeli, C Gemari, J E Crabtree*
443 **Image analysis derived ploidy and proliferation indices in soft tissue sarcomas: Comparison with clinical outcome** *B A Mitchie, C Black, R P Reid, A Barrett, D L Hamblen*
448 **Microwave antigen retrieval in immunocytochemistry: a study of 80 antibodies** *E C Cuevas, A C Bateman, B S Wilkins, et al*
453 **Clinical importance of p53 protein in gall bladder carcinoma and its precursor lesions** *A Wee, M Teh, G C Raju*
457 **Liver changes associated with cholecystitis** *J M Geraghty, R D Goldin*

Short reports

- 461 **Chronic polymphocytoid leukaemia with an unusual immature immunophenotype** *M Lima, J Coutinho, A Orfão, A L Macedo, J F San Miguel, B Justica*
464 **Spinal cord compression due to extramedullary haemopoiesis in myelofibrosis** *G Cook, R A Sharp*
466 **Improved current methods for amplification of DNA from routinely processed liver tissue by PCR** *X de Lamballerie, F Chapel, C Vignoli, C Zandotti*
468 **Glutathione S-transferases in bone marrow metastases of disseminated neuroblastoma** *A G Hall, A G McGuckin, A D J Pearson, A R Cattan, A J Malcolm, M M Reid*
470 **Secondary oxalosis and sperm granuloma of the epididymis** *J Coyne, L Al-Nakib, D Goldsmith, K O'Flynn*
471 **Polycythaemia rubra vera transforming to acute lymphoblastic leukaemia with a common immunophenotype** *J R Neilson, W N Patton, M D Williams, E E Mayne, B J Boughton*
473 **Expression of proliferating cell nuclear antigen (PCNA) in gastric carcinoma: no evidence for prognostic value** *D C Mangham, D C Rowlands, K M Newbold, G M Reynolds, J W L Fielding, M T Hallissey*
475 **Use of sentinel blood culture system for analysis of specimens from potentially infected prosthetic joints** *S Baker, A P Fraise*

Miscellanea

- 477 **Correspondence · Book Reviews · Notices**

IMPORTANT NOTICE

The previous issue of the Journal of Clinical Pathology contains errors in pagination.
