

## FOR YOUR EVERYDAY LABORATORY REQUIREMENTS

...insist on **M&B**

Over 500 different organic and inorganic chemicals, all produced to published laboratory standards, are available to the user of the **M&B** range. Drawing from long experience in the manufacture and use of fine chemicals, we have made a selection of specifications to serve a wide variety of procedures in general laboratory practice. These specifications are clearly set out on the labels of the containers, giving immediate indication of the

field of usefulness of the contents, and are carefully maintained by modern methods of analytical control.

Pre-packed stocks of every item in popular-sized containers are held at Dagenham and by stockists throughout the country, so that orders can be promptly dealt with. Moreover, the specially designed bottles are convenient to handle, and ensure that the contents are adequately protected in storage and transit,

OF BRITISH DESIGN AND MANUFACTURE

THE *Elliott*

AUTOMATIC  
TISSUE PROCESSOR

**FEATURES :—**

- Simplicity in Handling.
- Clean Design.
- Robust Construction.
- Flexibility.
- Delayed Start Mechanism (for 48 Hour Treatment)
- Alarm Circuit to protect Specimens.
- 

**SAVES :—**

**BED HOURS**

By enabling processing to be carried on over night and weekends.

**MAN-POWER**

By freeing the Technician of slow routine.

**WORRY**

By doing its job without supervision and by guaranteeing comparable results.

**EXPENSE**

By its low initial and running costs.

**Brings you at LOWER COST the full advantages of AUTOMATIC FIXATION—DEHYDRATION—INFILTRATION and STAINING OF HISTOLOGICAL SPECIMENS.**
